Purpose of the Contest

The principal role of an Aesthetician is to perform services to enhance client physical and psychological well-being through manicures, makeup (evening look) and body therapy (back treatment with reflexology to the feet).

The challenge evaluates each competitor's readiness for employment and recognizes outstanding students for their excellence and professionalism in the aesthetic industry.

Skills & Knowledge to be Tested

Manicure: Seasonal Fusion

During the seasonal fusion manicure, competitors will showcase their skills by performing a dry gel polish ~~spa~~ manicure, which includes shaping the natural nail and performing cuticle work. They will ~~also apply a mask and~~ demonstrate a comprehensive 12-step hand and arm massage. Detailed instructions for this massage will be available at the ~~end of the test project document~~ or on the SCC website for reference.

Competitors are required to apply a red gel polish to ~~nine~~ fingers. ~~One ring finger, of your choice, will have freehand art applied depicting one of the four seasons, spring, summer, fall or winter.~~

Body Therapy Treatment

~~Competitors will perform a cleanse and mud detoxification wrap from the knee down, including the entire foot.~~

~~During the detox wrap, competitors will perform a 5 minutes pressure point head massage (link to video, 5:16 - 10:47 found [here](#)).~~

Competitors will then complete a dry (no soaking) mini pedicure on a lay down bed which will include toenail trimming, filing, and cuticle work with a French lacquer polish (base coat, white French application that compliments the toenail shape, blush pink overlay, top coat). Corrections are permitted. Polishes to be supplied (polishes supplied by school).

Creative Makeup: Seasonal Fusion

In the seasonal fusion creative makeup challenge, competitors will use their own makeup and tools to create a unique design. The task is to blend the essence of two chosen seasons onto arm of the model (~~knuckles to elbow, top of arm~~), with equal representation of each season (50/50 split). Competitors may choose any two seasons for their design.

Judging will focus on creativity, technical skill, ~~blending~~, color harmony, theme representation, and overall impact.
